to symbolize the power of the go the extra mile message shawn anderson pedaled a bicycle from

ocean to ocean solo along the way he interviewed over two hundred inspirational americans who had demonstrated a remarkable ability to overcome personal setback and accomplish something extraordinary a blind woman who climbed one of the world s tallest mountains a triathlete who was born a congenital amputee a 95 year old who has been volunteering at the same hospital for 49 years a corporate executive who gives away 82 of his company s profits these are a few of the inspirational profiles highlighted in extra mile america the stories in this book have the power to inspire your spirit challenge you to reevaluate your own life setbacks and motivate you to take a deep breath of courage in order to get back on your own metaphorical bike with a renewed passion and purpose

this book constitutes the proceedings of the 7th international icst conference tridentcom 2011 held in shanghai china in april 2011 out of numerous submissions the program committee finally selected 26 full papers and 2 invited papers they focus on topics as future internet testbeds future wireless testbeds federated and large scale testbeds network and resource virtualization overlay network testbeds management provisioning and tools for networking research and experimentally driven research and user experience evaluation

the demonstrations and occupations that emerged across europe in 2011 12 struck a chord in public opinion in a way that has not been true for many years based on research carried out across the continent this volume investigates why this is occurring now and what they tell us about the future of the european project

the late karl linn s opus work about the shared spaces neighbors can create together

the national recession forced many communities to examine new and innovative ways to promote local economic development resulting in long term community changes new techniques and approaches were used to identify available opportunities and programs which could take advantage of development opportunities a common theme among the contributions to this book is a focus on building leadership capacity and several chapters discuss the successful practices which are aimed at bringing new leaders into local development efforts especially important are ways to identify youth and young adults and designing programs that bring them into active leadership roles within community development efforts on a broader scale several authors

present material regarding building local entrepreneurship capacity and recognizing that entrepreneurs at different stages in their development have different training and support needs the discussions in this book will help local policymakers and development practitioners better understand the various development techniques and find ways to build capacity within their community stimulating development this information will be especially useful for groups interested in engaging youth and populations who in the past have not been especially active in discussions about community and economic development this book was originally published as a special issue of community development

presenting different case studies of urban commons and socially innovative and democratic practices in italian cities the chapters analyse the different contexts and specific political and socio economic needs that are being addressed

during the twentieth century germans experienced a long series of major and often violent disruptions in their everyday lives such chronic instability and precipitous change made it difficult for them to make sense of their lives as coherent stories and for scholars to reconstruct them in retrospect ruptures in the everyday brings together an international team of twenty six researchers from across german studies to craft such a narrative this collectively authored work of integrative scholarship investigates alltag through the lens of fragmentary anecdotes from everyday life in modern germany across ten intellectually adventurous chapters this book explores the self society families objects institutions policies violence and authority in modern germany neither from a top down nor bottom up perspective but focused squarely on everyday dynamics at work on the ground

focusing on mexican american and puerto rican populations in chicago latino ethnic consciousness documents the development of a collective hispanic or latino ethnic identity distinct and separate from the national and cultural affiliations of spanish speaking groups author felix padilla explores the internal dynamics and external conditions which have prompted this move past individual group boundaries to a broader ethnic identity according to padilla the latino ethnic identity develops from the cultural and structural similarities of two or more spanish speaking groups and often in response to common experiences of social inequality in that ethnic

identities have to a large extent been encouraged by the division of the labor market in america s industrial society he argues that the latino consciousness represents a situational ethnic identity which functions according to the needs of the groups he describes how such conditions as poverty and racial discrimination have necessitated the assertion of a broader latino ethnic consciousness and behavior often more successful in social action than individual cultural or national associations in case studies from the early 70s padilla examines affirmative action the spanish coalition for jobs spurred by activist hector franco and the latino institute and their influence on the growth of latino solidarity and mobilization in chicago in refining the concept of latino and hispanic and establishing its significance in society latino ethnic consciousness serves as an analytic framework for further study of ethnic change in america
