strategic information management has been completely up dated to reflect the rapid changes in it and the business environment since the publication of the second edition half of the readings in the book have been replaced to address current issues and the latest thinking in information management it goes without saying that information technology has had a major impact on individuals organizations and society over the past 50 years or so there are few organizations that can afford to ignore it and few individuals who would prefer to be without it as managerial tasks become more complex so the nature of the required information systems is changes from structured routine support to ad hoc unstructured complex enquiries at the highest levels of management as with the first and second editions this third edition of strategic information management challenges and strategies in managing information systems aims to present the many complex and inter related issues associated with the management of information systems the book provides a rich source of material reflecting recent thinking on the key issues facing executives in information systems management it draws from a wide range of contemporary articles written by leading experts from north america and europe strategic information management is designed as a course text for mba master s level students and senior undergraduate students taking courses in information management it provides a wealth of information and references for researchers in addition

the effectiveness of a good strategy well implemented determines a business future success or failure yet history is full of strategic decisions big and small that were ill conceived poorly organised and consequently disastrous this updated guide looks at the whole process of strategic decision making from vision forecasting and resource allocation through to implementation and innovation strategy is about understanding where you are now where you are heading and how you will get there there is no room for timidity or confusion although the ceo and the board decide a company s overall direction it is the managers at all levels of the organisation that will determine how the vision can be transformed into action in short everyone is involved in strategy but getting it right involves difficult choices which customers to target what products to offer and the best way to keep costs low and service high and constantly changing business conditions inevitably bring risks even after business strategy has been developed a company must remain nimble and alert to change and view strategy as an ongoing and evolving process the message of this guide is simple strategy matters and getting it right is fundamental to business success this book will show you how
